Dear Parents and Carers,

The students have had an enormous amount of fun over the last two weeks, especially with the year 4-6 students that headed to camp. On my visit I was able to see the exciting learning spaces they visited and it is always a positive experience for all involved.

School Concert

All our students and staff are currently preparing for our whole school concert. Some students are supporting as stage crew organisers and others as performers. The staff have been busy in preparing and supporting Footsteps with making certain that we will have an amazing concert to showcase our students talents. Please lock in the date for Tuesday 6 December. If you have any questions, please speak with your child's classroom teacher for more information. It is important that all students participate for the show to be a success.

2023

We are currently organising class structures for 2023. If you are planning on leaving or deciding on an extended holiday, then please contact the office on 9728 1278.

Do you have any Kindergarten students to enrol or know of any families that have Kindergarten students needing to enrol for 2023, please ask the families to contact the office or look at our school website for the online enrolments. Kindergarten orientation has commenced and we would love to meet more of our students and families. Please note that enrolments for all grades is welcome.

School Uniforms

At Lansvale East Public School we have a school uniform for our students to wear every day. The department supports the wearing of school uniform, which promotes a sense of belonging for students and creates a positive identity for the school community. School uniforms also contribute to the personal safety of students by allowing easier recognition of students inside the school and in the community.

We expect the students to wear the school uniform during school hours. If your child is missing a school uniform or needs a new size please visit the office.

Have a great week.

What's happening in K-1-2DT?

HALLOWEEN DISCO

Lansvale East Public School hosted a Halloween disco on the 27th of October. It was great to see students dressed up in their spooky costumes. Students in K-1-2DT also showed some spectacular dance moves during the disco!

MORNING ROUTINE

Students have been developing their resilience and confidence by conducting the morning routine everyday instead of the teachers! They have been taking turns and learning how to speak confidently in a loud voice in front of peers.

What is happening in 5-6S

Halloween with 5-6S

The end of October is what many from our school was looking forward to. In 5-6S, we had some strong Halloween spirit shown in our students. All greatly enjoyed themselves with the different ways to celebrate and the costumes they had worn.

Camp

Recently the school senior students had an opportunity to participate in a camp excursion. Students who had attended from 5-6S greatly enjoyed themselves. We hope those who missed the opportunity this year will be able to attend the next.

5-6K NEWS

BUILDING RESILIENCE

Children and adults benefit from being able to cope with life's ups and downs and bounce back from the challenges we may face.

Beyondblue recommends four ways in which parents can help their child build resilience.

- **build good relationships with others including adults and peers**

- **build their independence**

- **learn to identify, express and manage their emotions**

- **build their confidence by taking on personal challenges**

If you're interested in finding out more please explore the information provided through the following link: <https://healthyfamilies.beyondblue.org.au/healthy-homes/building-resilience>

The Engaging Adolescents parenting program is a workshop that provides easy techniques for parents and families to support adolescents to manage their own behaviour and emotions.

Engaging Adolescents highlights 5 main areas:-

1. There are clear roles parents play in raising teenagers
2. Sorting teenagers behaviour helps parents to know when and how to act
3. Scripted conversations provide parents with a process for holding tough conversations with teenagers .
4. We can learn from pilots about to hold our nerve in difficult conversations
5. How to best 'construct' a conversation to make it effective

School Community Charter

 **Collaborative. Respectful. Communication.**

The following School Community Charter outlines the responsibilities of parents, carers, educators and school staff in NSW public schools to ensure our learning environments are collaborative, supportive and cohesive.

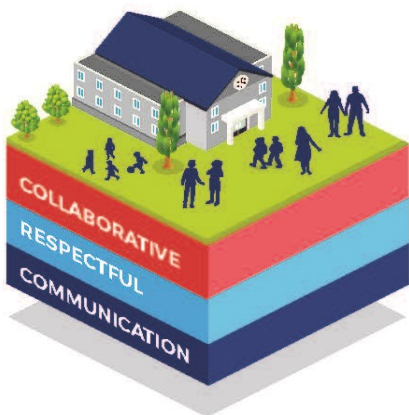

We treat

respect

What our schools provide

NSW public schools work to create positive environments for students, staff and the entire school community that support student learning. We strive to ensure that every student is known, valued and cared for.

The best education happens when parents and schools work together.

The School Community Charter aligns with the NSW Department of Education Strategic Plan 2018 - 2022.

Positive environments

It is important that our NSW public schools are positive environments and that parents and carers are kept informed of students' progress and school announcements.

Parents and carers can expect:

- To be welcomed into our schools to work in partnership to promote student learning.
- Communication from school staff will be timely, polite and informative.
- Professional relationships with school staff are based on transparency, honesty and mutual respect.
- To be treated fairly. Tolerance and understanding are promoted as we respect diversity.

Communicating with our schools

Our staff will find a time to talk to you when they can give you their full attention. Please remember that while our staff are in class or dealing with other matters, they may not be available to answer your questions immediately.

Our schools and communities will make sure that written communication is appropriate, fair and easy to read. We encourage you to use email and social media appropriately to connect with your school and stay up-to-date with up-coming events in the school community.

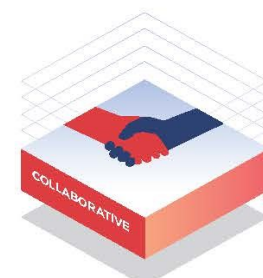

Our guide for parents, carers and students provides useful information about the complaints process:

education.nsw.gov.au/about-us/rights-and-accountability/complaints-compliments-and-suggestions/guide-for-parents-carers-and-students

Respectful communication is a right

In all workplaces people have the right to feel respected. Unacceptable and offensive behaviour has no place in our school communities.

To ensure the wellbeing of students, staff and the community in our schools, steps will be taken to address unacceptable behaviour. This may include restricting contact with the school community or, in more serious cases, referral to NSW Police.

Unacceptable behaviour may include but is not limited to:

- Aggressive or intimidating actions, such as violence, threatening gestures or physical proximity.
- Aggressive or intimidating language, including the use of obscenities, making sexist, racist or derogatory comments or using a rude tone.
- Treating members of the school community differently due to aspects such as their religion or disability.
- Inappropriate and time wasting communication.
