From the Principal's Desk

It has been an enjoyable few weeks of term 2 as we have welcomed some sunny days in between. Unfortunately with the change in weather of some rainy days our playground area is sometimes off limits due to the grounds being too wet for our students to play on. We hope that we see more sunny days to accommodate for some great fun activities on the grass. It was wonderful to see our cross country event take place on school grounds and welcome our families to come and support their child and share in the excitement of the event.

Cold Weather

The colder weather is a good opportunity to ensure your child is set for winter with the correct school uniform. Please send your child to school with a blue school jumper. If it is very cold a blue jacket is allowed to match the school uniform. Make certain that your child's name is on their items for easy identification.

School Attendance

All staff members, are focused on improving student attendance. Children must be at school every day and only staying home for a day or two if they are sick (different guidelines apply if you have COVID). If a child is still not well after one or two days, then this means a visit to the local doctor. Parents and carers need to continue to communicate with their classroom teacher or the school directly if your child is not at school, there are lots of ways to notify the school:

- use the school app - ClassDojo, send a message to the teacher
- phone the school on 9728 1278
- email the school on lansvalee-p.school@det.nsw.edu.au

Remember school attendance is compulsory for all children aged between 6 and 17 years.

Big childcare—Before and After School Care

Will be commencing service on Wednesday 1 June. Safia Mohamid will be working with the school to advertise and support enrolments. She will also be contacting families with enquiries/to confirm enrolments. Please stay tuned for information early in the week. We look forward to welcoming Big Childcare to support our families.

Have a great weekend.

1-3C NEWS

Events

Students from 1-3C participated in the school Cross Country and showed their eagerness to complete the race course. We have also been celebrating students' birthdays and EID as a class.

Maths and English

Students in 1-3C are exploring new concepts in maths and writing.

In maths, students are learning that 2D and 3D shapes are everywhere. They are able to make links to everyday objects as they find items around the classroom and can provide the shape's name and information about its edges, faces and vertices.

In English, students are learning about informative writing, and we are focusing on Australian animals habitat, diets and appearance.

Overview of program

The program will build awareness and practice for pro-social skills as a wellbeing school support dog. Wellbeing School Support Dog will complement the care and support offered to students by providing emotional support and comfort to students or staff. Research into wellbeing dogs will assist in teaching, modelling and mentoring students in the management of self and others.

- An individual might be encouraged to gently pat or talk to a dog to teach sensitive touch and help them be calm.
- Dog utilised for a non-confronting audience for students reading activities.
- They may be used to provide emotional support through animal assisted therapy which can come in many forms.

It will support students in stimulating memory, interaction, developing self-confidence, whilst providing opportunities to practice learning activities such as reading, communication and social skills building.

Message from the counsellor, Mrs Pyke

The cost of living is high at the moment and some families are having to make difficult choices. Good nutrition is important for children's growth and development and children need healthy meals and snacks to support this.

Food plays a vital role in maintaining physical and mental health. Eating a nourishing, balanced diet helps to give people an overall sense of wellbeing.

In some children, poor diet may be associated with

- Behavioural problems
- Sleep issues
- Problems with emotional and psychological development
- Poor concentration or difficulties at school

Treats and processed foods (chips, chocolates, lollies, cakes, biscuits and take-away food) should be limited to special occasions and be eaten in moderation.

Sugary drinks (soft drinks, juice, flavoured waters, cordials and sports or energy drinks) should be avoided. Water is the healthiest choice and should be the main drink for children over 12 months.

- ✓ Reduce the number of treats offered to children and provide healthy alternatives for snacks.
- ✓ Avoid using treats as rewards – using treats for behavioural or emotional reasons does not support the development of healthy eating habits.

The school counsellor is available on Tuesdays and Wednesdays.

School Community Charter

 **Collaborative. Respectful. Communication.**

The following School Community Charter outlines the responsibilities of parents, carers, educators and school staff in NSW public schools to ensure our learning environments are collaborative, supportive and cohesive.

We treat each other with respect

What our schools provide

NSW public schools work to create positive environments for students, staff and the entire school community that support student learning. We strive to ensure that every student is known, valued and cared for.

The best education happens when parents and schools work together.

The School Community Charter aligns with the NSW Department of Education Strategic Plan 2018 – 2022.

Positive environments

It is important that our NSW public schools are positive environments and that parents and carers are kept informed of students' progress and school announcements.

Parents and carers can expect:

- To be welcomed into our schools to work in partnership to promote student learning.
- Communication from school staff will be timely, polite and informative.
- Professional relationships with school staff are based on transparency, honesty and mutual respect.
- To be treated fairly. Tolerance and understanding are promoted as we respect diversity.

We prioritise the wellbeing of all students and staff

Unsafe behaviour is not acceptable in our schools

We work together with the school

Ensuring respectful learning environments for all members of NSW Public Schools communities.

Communicating with our schools

Our staff will find a time to talk to you when they can give you their full attention. Please remember that while our staff are in class or dealing with other matters, they may not be available to answer your questions immediately.

Our schools and communities will make sure that written communication is appropriate, fair and easy to read. We encourage you to use email and social media appropriately to connect with your school and stay up-to-date with up-coming events in the school community.

Our guide for parents, carers and students provides useful information about the complaints process:
education.nsw.gov.au/about-us/rights-and-accountability/complaints-compliments-and-suggestions/guide-for-parents-carers-and-students

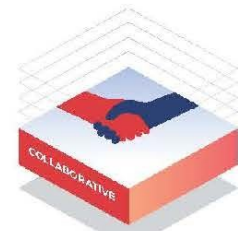

Respectful communication is a right

In all workplaces people have the right to feel respected. Unacceptable and offensive behaviour has no place in our school communities.

To ensure the wellbeing of students, staff and the community in our schools, steps will be taken to address unacceptable behaviour. This may include restricting contact with the school community or, in more serious cases, referral to NSW Police.

Unacceptable behaviour may include but is not limited to:

- Aggressive or intimidating actions, such as violence, threatening gestures or physical proximity.
- Aggressive or intimidating language, including the use of obscenities, making sexist, racist or derogatory comments or using a rude tone.
- Treating members of the school community differently due to aspects such as their religion or disability.
- Inappropriate and time wasting communication.
