Public Speaking News

Fairfield Network Final

Last Tuesday our stage finalists travelled to King Park P.S to represent LEPS in the Fairfield Network Public Speaking Competition Final. Each student presented a prepared speech, plus an impromptu speech (that they had 5 minutes to prepare!) about topics such as A Party Hat, Shoes, Everyone's A Winner and Choosing Carefully. I am so proud of the achievements of each of our finalists - what an amazing experience against some fierce competition.

Meetings

A guide for parents and carers

What is a PLaSP?

A PLaSP is a Personalised Learning and Support Plan. It is a working document designed by teachers in collaboration with all stakeholders that informs ongoing planning, delivery and evaluation of a student's educational program.

The PLaSP:

- Identifies students individual needs and priorities for learning
- Outlines short and long term educational goals for a student and the actions, strategies and adjustments that will be used
- Is a flexible living document that is reviewed and modified over time
- Share information
- Review progress
- Review existing PLaSP
- Identify interventions, strategies and resources
- Discuss new information
- Discuss plans and future goals
- Establish short and/or long term priorities, learning goals and outcomes.

WHAT HAPPENS NEXT?

The interventions, strategies and supports outlined in the PLaSP are put into place.

Progress towards identified goals is monitored and reviewed regularly. It is recommended that this occurs at least once a term.

A specified review period can be as short as two weeks or as long as one year depending on the needs of the student.

Following the initial meeting a PLaSP will be written, will all participants signing and receiving a hard copy.

You may request a review by contacting your classroom teacher.

Video and Photography

Due to various rules regarding copyright and social media, we have decided that this year **we will organise to take photos of all groups and video the performance during the Matinee performance.**

When numerous people are taking photos or videos it becomes a distraction to the performers and audience.

Parents will be given a link to view photos of the Concert Video.

We would like you to sit and enjoy the Concert. Therefore, **no photography or videoing will be allowed** by the audience (parents/ family members) during the Evening Performance.

About the venue

Bonnyrigg Sports Club has plenty of parking and air-conditioning. There is a restaurant available to purchase food and drinks before or after the concert.

All adults attending as part of the audience must sign in and will require identification (e.g. drivers license, passport, photo i.d. card, etc.). Bonnyrigg Sports Club does have a dress code that audience members must abide by.

Please do not wear the following to watch the concert:

- Ripped, torn or frayed clothing, except when such is part of the design
- Offensive clothing
- Football/rugby shorts
- Bare feet
- Studded, chained or spurred items
- Hats (unless for a major sporting event e.g. FIFA World Cup or medical reasons)
- Singlets, tank tops, muscle shirts, see through blouses or midriff/crop tops
- Motorcycle club colours
- Tracksuit pants
- Rubber thongs

End of Concert Handover

Your child will be seated with their teachers in the Holding Rooms. Parents/ Carers will be allowed into the holding rooms as regulated by our Ushers. Please be patient whilst we release the children. We have a duty of care to ensure everyone's safety.

Tickets

We would like you to also support your child performing at the Community of Schools (CoS) Performing Arts Concert by purchasing tickets for **\$10.00 each for adults and \$5.00 for children over 3 years of age. Your child DOES NOT require a ticket.** Children from 0-3 may sit on your lap.

There is a limit of 2 tickets per family as we have 8 schools performing. 100 tickets per school will be allocated, so get in early to avoid disappointment.

Tickets can be purchased at your child's school. Tickets will be available to purchase from **the School Office** from Monday 30 October until Wednesday 8 November.

Extra tickets may then become available from this date if unsold. Families will be notified and will be able to purchase additional tickets. Any leftover tickets may also be sold at the door on the night of the concert, however **there is no guarantee of availability on the night.**

Every day counts

A day away from school here or there doesn't seem like much but absences add up.

Student attendance at school has an impact on academic achievement and social and emotional wellbeing for individual students. Good student attendance is achieved when schools and families work in partnership to support every student.

Attending school

Going to school every day is important and Kindergarten sets children up for the rest of their schooling.

What your child learns each day builds on what they learned the day before. If your child misses school, their learning routine is broken. Students can also lose confidence and miss out on building their friendships.

You have a legal responsibility to send your children to school every school day.

If your child misses school due to illness, religious reasons, family circumstances or other reasons, contact the classroom teacher. Remember to contact the school within 7 days to explain the reason for their absence.

If your child arrives at school late or needs to leave early, you will need to go to the office to sign your child in or out and explain the reason for the absence.

If you're having difficulty getting your child to school every day and on time, contact the classroom teacher.

If you need help with English, ask for an interpreter. The school will arrange one if available.

School Community Charter

 **Collaborative. Respectful. Communication.**

The following School Community Charter outlines the responsibilities of parents, carers, educators and school staff in NSW public schools to ensure our learning environments are collaborative, supportive and cohesive.

What our schools provide

NSW public schools work to create positive environments for students, staff and the entire school community that support student learning. We strive to ensure that every student is known, valued and cared for.

The best education happens when parents and schools work together.

The School Community Charter aligns with the NSW Department of Education Strategic Plan 2018 – 2022.

Positive environments

It is important that our NSW public schools are positive environments and that parents and carers are kept informed of students' progress and school announcements.

Parents and carers can expect:

- To be welcomed into our schools to work in partnership to promote student learning.
- Communication from school staff will be timely, polite and informative.
- Professional relationships with school staff are based on transparency, honesty and mutual respect.
- To be treated fairly. Tolerance and understanding are promoted as we respect diversity.

We treat each other with **respect**

We **prioritise** the wellbeing of all students and staff

Unsafe behaviour is not acceptable in our schools

We work **together** with the school

Ensuring respectful learning environments for all members of NSW Public Schools communities.

Communicating with our schools

Our staff will find a time to talk to you when they can give you their full attention. Please remember that while our staff are in class or dealing with other matters, they may not be available to answer your questions immediately.

Our schools and communities will make sure that written communication is appropriate, fair and easy to read. We encourage you to use email and social media appropriately to connect with your school and stay up-to-date with up-coming events in the school community.

Our guide for parents, carers and students provides useful information about the complaints process:

education.nsw.gov.au/about-us/rights-and-accountability/complaints-compliments-and-suggestions/guide-for-parents-carers-and-students

Respectful communication is a right

In all workplaces people have the right to feel respected. Unacceptable and offensive behaviour has no place in our school communities.

To ensure the wellbeing of students, staff and the community in our schools, steps will be taken to address unacceptable behaviour. This may include restricting contact with the school community or, in more serious cases, referral to NSW Police.

Unacceptable behaviour may include but is not limited to:

- Aggressive or intimidating actions, such as violence, threatening gestures or physical proximity.
- Aggressive or intimidating language, including the use of obscenities, making sexist, racist or derogatory comments or using a rude tone.
- Treating members of the school community differently due to aspects such as their religion or disability.
- Inappropriate and time wasting communication.
